MANUFACTURER'S SALES REPRESENTATIVE
 Serving Southern California, Arizona, and Southern Nevada

LEESON Electric, the world's most customer-focused motor, gearmotor and drives company, has expanded our product offering with the addition of the Lincoln Motors, Grove Gear and Electrica-Gear

Danfoss and Vacon merged to form the 2nd largest manufacturer of VFD's. They are recognized worldwide for superior quality and application diversity – from simple shaft turner to complex applications with sizes from 115VAC, 1/3HP and up.

Grove Gear & Electra-Gear manufacture standard and custom gear drives for industrial and specialty applications. The product line is the most extensive line of gear reducers in North America.

Sprecher + Schuh offers a wide range of low-voltage industrial and motor control products, including contactors, a variety of relays, starters, push buttons, disconnect switches, terminals, controllers.

Meltric Corp. Manufacturers high quality industrial and hazardous location plugs and receptacles including UL Listed devices which are used as a disconnect switch up to 200amp and 75HP.

Pfannenberg is the leading global manufacturer of enclosure thermal management equipment, and liquid cooling solutions for industry. Filterfans, AC units, heat exchangers, chillers.

Grace Ports - NFPA 70E compliance by providing thru-door, fully customizable communication ports
 SAFESIDE – Voltage indicators and voltage portals allows for inspection safely outside electrical cabinet

Jefferson Electric has been designing and manufacturing transformers for over 90 years. We have a full line of standard transformer products that are available to ship within days of a customer's order.

Industrial enclosures, both standard and custom. Extensive value add capability, universal NEMA ratings, mixed IT and power capabilities.

Japan's oldest (since 1950) and largest manufacturer of mounted bearings with 2-bolt, 4-bolt, and pillow block (including new SPHERICAL ROLLER BEARING UNITS).

Design and manufactures level sensors and pressure transducers for industrial process measurement and automation.

Integra Enclosure is America's largest manufacturer of polycarbonate enclosures. These are lightweight, sturdy, impact resistant, and UV rated with sizes starting at 6" x 6" x 3" up through 24" x 24" x 10". Ratings consist of: NEMA 3R, 4X, 6P, 12, 13, Marine Use, IP 66/68 protection.

3-phase monitors, "Signaline" multi-function timers, alternating relays, current monitors, voltage sensors (AC & DC), pump/motor load controls. Custom/OEM manufacturing also available
