

CAL INDUSTRIAL SALES SOUTH CO.

10572 Calle Lee, Ste #122, Los Alamitos, CA 90720

323-278-7979 Fax: 323-278-7955

MANUFACTURER'S SALES REPRESENTATIVE

LEESON Electric, the world's most customer-focused motor, gearmotor and drives company, has expanded our product offering with the addition of the Lincoln Motors.

Extensive product line of AC & DC electric motors. Integral and fractional, general service, VFD Rated, HVAC, Pump Motors and Class 1 Div. 2 hazardous location. PMAC & PMDC Motors. Micro MAX™, Black MAX®, Blue MAX®, SyMax™

Sprecher + Schuh offers a wide range of low-voltage industrial and motor control products, including contactors, a variety of relays, starters, push buttons, disconnect switches, terminals, controllers.

Pfannenberg is the leading global manufacturer of enclosure thermal management equipment, and liquid cooling solutions for industry. Filterfans, AC units, heat exchangers, chillers.

Leading manufacture of power and signal interconnect products, PCB terminals and connectors, Power supplies, Industrial Ethernet Programmable safety controllers, "PODIS" power distribution systems, and Heavy Duty Connectors

Meltric Corp. Manufacturers high quality industrial and hazardous location plugs and receptacles including UL Listed devices which are used as a disconnect switch up to 200amp and 75HP.

- GracePort® Panel Interface Connectors are convenient access Ports that allow you to safely bridge the risky gap between you and your PLC.
- GracePESDs® are Permanent Electrical Safety Devices that aid In mechanical and electrical LOTO. Products include Voltage indicators, Voltage Portals and Safe Test Points.
- GraceSense™ IIot smart devices make up our Predictive Maintenance System; a suite of continuous asset health Monitoring technology.

Invertek is dedicated to providing easy to use AC drives for the control of electric motors in industrial automation applications around the world. Our AC variable frequency drives provide energy efficient control across a range of applications that include fans, pumps, industrial automation, HVAC building services and more. From fractional horsepower to 450 HP we can handle your demanding applications in production level environments requiring IP20, NEMA 12 or NEMA 4X variable frequency drives.

Bender Inc. is the leader in ground fault detection systems for increased electrical safety and reliability in electrical distribution systems.

E-T-A offers over current protection for the automation & process control industry. •This includes Din Rail Mount Circuit Breakers, Din Rail Mount Socket Breakers, Fuse Replacement, and Intelligent Networked Power Distribution Systems.

TK manufactures an extensive range of industrial cables and connectivity solutions for industrial applications including motion control, renewable energy, and transportation. Icotronix, part of TK group, designs and manufacturers M23 connectors in Germany.

CAL INDUSTRIAL SALES SOUTH CO.

MANUFACTURER'S SALES REPRESENTATIVE

Euchner is a leading manufacturer and innovator of safety switches and safety sensors for safeguarding people, machines and processes. Solutions for automation include joysticks, pendants and precision limit switches.

icotek, makers of smart cable management systems, has been developing high quality innovative solutions since 1995. icotek's split cable glands and EMC solutions are ideal for today's mechanical engineering and plant construction industries.

ASO Safety. The world leader in both standard and custom designed safety edges, bumpers, safety mats and the associated monitoring relays.

Japan's oldest (since 1950) and largest manufacturer of mounted bearings with 2-bolt, 4-bolt, and pillow block (including new SPHERICAL ROLLER BEARING UNITS).

SNC Manufacturing builds dry type transformers and custom magnetics. This includes industrial control, chokes, reactors, military grade, medium voltage, and toroidal transformers. Value added services: over molding, brackets, enclosures, and custom design assistance.

Atkore/Flexicon Cable management solutions, including metallic and non-metallic flex conduit and sleeving products to address robotic, Haz Loc, and hygienic applications.

Unique Piezo Electric interface products. From simple switch with 24VDC control, to exotic designs with software interface. Can literally be constructed out of any material, from stainless steel to ceramic, plastic, wood. Designs, can be submersible, corrosion

"America's Largest Manufacturer of High Impact Polycarbonate Enclosures" with more sizes than any other mfg. NEMA 4/4X and IP69 rated. UL/CUL/CE Listed. Stronger, lighter and more UV resistant than fiberglass enclosures. **Eco-Friendly Recyclable**

3-phase monitors, "Signaline" multi-function timers, alternating relays, current monitors, voltage sensors (AC & DC), pump/motor load controls. Custom/OEM manufacturing also available.

PQC portfolio includes MANGOLDT Line/Load Reactors, Input Harmonic Filters, Sine Wave/dv/dt Filters, L-C-L Filters, as well as FRAKO capacitors and related components used in addressing IEEE19 standards and other power quality concerns.

Best Purging Systems. Type Y & Z purging systems for electrical controls in Haz Loc applications. Includes cost effective direct product crosses to P&F/Bepco EPS standards.
