Pfannenberg is the leading global manufacturer of enclosure thermal management equipment, and liquid cooling solutions for industry. Filterfans, AC units, heat exchangers, chillers.

MICRO-EPSILON designs and manufactures high-precision sensors, instruments and systems for displacement, position, dimension and temperature.

Euchner is a leading manufacturer and innovator of safety switches and safety sensors for safeguarding people, machines and processes. Solutions for automation include joysticks, pendants and precision limit switches.

“America’s Largest Manufacturer of High Impact Polycarbonate Enclosures” with more sizes than any other mfg. NEMA 4/4X and IP69 rated. UL/CUL/CE Listed. Stronger, lighter and more UV resistant than fiberglass enclosures. **Eco-Friendly Recyclable**

Integrated panel management systems and products designed to simplify the installation process.

GracePort® Panel Interface Connectors are convenient access-ports that allow you to safely bridge the gap between you and your PLC.

GracePESDs® Permanent Electrical Safety Devices. Products include Voltage Indicators, Voltage Portals and Safe Test Points.

GraceSense™ IIoT smart devices make up a Predictive Maintenance System; a suite of continuous asset health monitoring technology.

3-phase monitors, “Signaline” multi-function timers, alternating relays, current monitors, voltage sensors (AC & DC), pump/motor load controls. Custom/OEM manufacturing also available.

Industrial enclosures, both standard and custom. Extensive value add capability, universal NEMA ratings, mixed IT and power capabilities.

Atkore/Flexicon Cable management solutions, including metallic and non-metallic flex conduit and sleeving. Products to address robotic, Haz Loc, and hygienic applications.

Simpson Analog and digital panel meters for electrical or process measurement, and electrical test instruments.
